You say, you want Action!

You say, "Why don't we take the offensive?"

O. K.—here's your chance!

Now YOU can supply the Action. Now YOU can take the offensive.

Here's how: appoint yourself to the job and start right out—today—and

Be a WASTE WARDEN!

Don't put it off. As soon as you have read the rest of this, go down into the basement and up into the attic and out into the back yard . . . and do something.

Remember that Johnnie's B-B gun will make a fine mess of shrapnel. Remember that those cleaning rags you have been saving can do a better job protecting shells.

Don't worry about the details. And don't let anybody tell you America doesn't need the stuff you've been burning and wasting. America does need the stuff to win the war. It needs all the scrap and junk we can possibly gather together. Our great Production Program can't possibly succeed unless you and every other American does his share. Remember that the plans for Production for Victory are based on the absolute faith your Government has in you—and that America is counting on you to help provide one-third of the materials needed to win the war.

You'll get a kick out of it. It's your chance to get in there and pitch. It's your chance to fight shoulder to shoulder with your neighbors in every town, every county, every state in the Union . . . all working together in a job that's vital to Production for Victory. It's your chance to Get in the Scrap!

WHAT TO SAVE

WASTE PAPER:

Save waste paper—don't burn it! Wrapping paper, cardb cartons and boxes, paper bags, newspapers, magazines are ne to make new paperboard to pack foods, airplane and tank p shells and ammunition and other articles.

OLD RAGS:

Cast-off clothing, burlap bags, draperies, mattresses, pill discarded carpets can be used in factories for wiping rags and roofing and flooring materials in emergency construction.

SCRAP METALS:

Iron, steel, brass, copper, aluminum, lead, etc. are needed. pose of discarded tools, metal beds, stoves, railings, tire chains, and pans, picture frames, hangers, toothpaste containers, pipe hardware, batteries, and anything else made of metal.

OLD RUBBER:

Discarded auto tires and tubes, rubbers, overshoes can be claimed for military uses—and to make new tires and tubes.

Do not discard anything that is still useful and that might to be replaced.

George Bancroft and Jerome Cowan, leading a sabotage gang, seek to enlist the services of Wallace Beery in an attempt to blow up an army train. It's a dramatic moment in "The Bugle Sounds," new M-G-M drama of a grizzled cavalryman who hated tanks—but who hated the enemies of America ten times more! Marjorie Main and Lewis Stone are others in the picture, now showing at the Daly City theatre.

Sidewalk Trespassing

As the ownership of property on a street extends to the middle of the roadway, both sidewalk and the street are intended only as rights of way for the public, says Collier's. Thus the New York Supreme court has held that a man who stops on the sidewalk in front of another's house and shouts abusive and insulting language at him is a trespasser.

Famous Leaning Tree

The Grizzly Giant, an enormous sequoia tree in Yosemite National park, is known as the leaning tree. It is 200 feet high and leans 18 8-10 feet off center, or approximately 4 degrees and 58 minutes. Research shows that it has been off center for centuries, but is in no danger of falling.

Pound of Feathers

There is considerable difference in weight between a pound of gold and a pound of feathers. Gold is weighed by the troy system, in which there are 12 ounces to the pound, while feathers are weighed by the avoirdupois measure, in which there are 16 ounces to the pound. A troy pound, therefore, is less than the avoirdupois pound.

YOUR Back Yard!

HOW TO SAVE

Flatten out cartons, boxes. Tie in neat bundles; keep dry and un. Pile newspapers separately, and tie in separate bundles.

Keep rags, metals, and rubber separately—in cartons or bags if sible.

Let your children help. It will give them a part to play in the tory program.

HOW TO DISPOSE OF IT

You may either sell waste materials to a collector (Junk man) ive it to charities, schools, or other organizations which collect m.

If you prefer to sell and a collector does not make regular rounds your neighborhood:

. Look through the classified advertising section or telephone ectory and get in touch with a collector. Wait until your col- ion of waste paper has reached 100 pounds (a pile about 5 feet h) before asking him to come for it. Dispose of metals, rags, rubber at the same time.

. Or take your collection to the nearest junk dealer's yard. By g this you will help relieve the strain on collection facilities.

f you prefer to donate it, you may arrange with a local charity other organization to collect it from your home. Where local ols are collecting scrap you may give your collection to your or your neighbor's children to take to school with them.

Foreign Countries Purchase

During the six-month period following the outbreak of hostilities in Europe, foreign countries purchased $107,400,000 worth of American chemical products, a 99 per cent increase over the corresponding period a year ago, reports Industrial and Engineering Chemistry.

Cholera

Cholera develops more rapidly than any other germ disease, according to Collier's. Persons have been known to die from it within one hour after feeling its first symptoms.

Indelible Ink Marks

Equal parts of ammonia and turpentine will remove indelible ink marks.

Avoid Accidents

One building authority has suggested that on occupying a home, each member of the household should be made familiar with the shut-off valves so that in case of a leak or other accident, damage by escaping water can be reduced.

People Vaccinated

It has been estimated that from 85 to 90 per cent of the people in the United States have been vaccinated against smallpox.

In the Army

In the army, the cavalry is called a troop. In the air corps the similar organization is a squadron; in the artillery the term is battery. Hospital men are in a corps.

Trim for Mahogany

For more effective decor traditional Eighteenth century mahogany may be trimmed with a number of woods, tulipwood, amaranth, rosewood, violetwood and boxwood.

'Front Door'

The Chicago Coliseum has been known as the "Front Door to the White House," because of the many presidential conventions that have been held there.

Horses Not Born White

Horses are seldom white at birth. They may be born gray and as they grow older turn white. Circus horses are usually Arabian horses. Gray is common in this breed.
